**Comments:**

I bought this store from an owner that wasn't profitable. I tried for a year to turn it around and get more customers. I took a chance on RTUI even though I was skeptical. My location is across a major interstate from the grocery store and I wasn't sure it would work for me but I needed to do something. RTUI brought in new customers and they became regulars. The regulars brought more customers and the word of mouth took off. Thank you RTUI! I just renewed and since I was able to turn this store around, Jersey Mike's corporate calls me "The Marketing Genius" I've been with RTUI for two years and just renewed. I recommend this program to other businesses, the ROI is excellent.
